

The image displays a complex geometric pattern composed of various shapes, each labeled with a size code: L, M, XL, or 2XL. The shapes are arranged in a symmetrical, repeating fashion, resembling a stylized architectural or textile design. The labels are placed within the shapes, indicating their relative size or weight.

The pattern is highly symmetrical, with a central vertical axis. The shapes are primarily rectangular or elongated, with some featuring curved edges. The labels are distributed as follows:

- L (Large):** Found in several vertical rectangular shapes, primarily in the upper and lower sections.
- M (Medium):** Found in various shapes, including horizontal rectangles and elongated vertical forms.
- XL (Extra Large):** Found in larger, more complex shapes, often with curved edges, primarily in the middle section.
- 2XL (Double Extra Large):** Found in the largest, most complex shapes, often with multiple curved edges, primarily in the center.

The overall design is intricate and detailed, with a high degree of symmetry and a clear hierarchy of shapes and labels.
