

The image displays a complex geometric pattern, likely a floor tile design, composed of various shapes and letters. The pattern is organized into a grid-like structure with several distinct sections:

- Top Section:** Features a row of squares containing the letters 'L', 'L', 'L', 'L', 'M', 'M', 'M', 'M', 'W', 'W', 'W', 'W'. Below this row are more squares, some containing the letter 'L' and others the letter 'X'.
- Middle Section:** Contains a large square with the letter 'X' in the center, surrounded by smaller squares containing the letter 'L'. To the right of this is a large square with the letter 'X' in the center, surrounded by smaller squares containing the letter 'L'.
- Bottom Section:** Features a row of squares containing the letters 'L', 'L', 'L', 'L', 'M', 'M', 'M', 'M', 'W', 'W', 'W', 'W'. Below this row are more squares, some containing the letter 'L' and others the letter 'X'.

The letters 'L', 'M', 'W', and 'X' are arranged in a way that suggests a repeating pattern, with the 'L' and 'X' often appearing in pairs or groups. The overall design is symmetrical and balanced, with a clear focus on geometric shapes and letter combinations.
