

A complex geometric pattern composed of interlocking shapes. The shapes are labeled with letters: 'L' (a large, irregular polygon), 'M' (a smaller, irregular polygon), and 'XL' (a very small, irregular polygon). The pattern is arranged in a grid-like fashion, with the shapes fitting together to form a larger, repeating structure. The labels are placed within the shapes, indicating their type or size. The overall effect is a dense, tessellated design.
