1. Sleeve opening construction not updated as requested. Please finish binding last so the seam is not visible on sleeve outseam. It should be encased in the sleeve opening elastic.
2. Please advise why visibility of contrast thread is better on all top stitching but not when two seams are being joined. See image. Any way to improve? If not please let me know and we will only keep contrast thread decorative top stitching.
3. Use latest thread quality communicated by Jeni "Signal Pop Reflective Thread"
4. Move bungee tape to be fixed at hood turn back internal seam, see image.

cấu trúc:

1. Cấu trúc miệng tay áo chưa được cập nhật theo yêu cầu. Vui lòng hoàn thiện phần viền sau cùng để đường may không bị lộ ở đường sườn ngoài tay áo. Đường may này cần được bọc kín bên trong phần viền miệng tay áo.
2. Phòng kỹ thuật giải thích vì sao chỉ may chỉ màu tương phản nhìn rõ trên tất cả các đường may trang trí, nhưng lại không rõ khi nối hai đường may. Xem hình ảnh minh họa. Có cách nào cải thiện không? Nếu không, phản hồi lại để khách chỉ giữ chỉ màu tương phản cho các đường may trang trí.
3. sử dụng chỉ phản quang Jeni duyệt
4. Di chuyển dây tape dẹt ngang để được cố định tại đường may bên trong phần gấp lại của mũ áo, xem hình ảnh minh họa bên dưới
