Hi UA Team,

We have updated the Fortune Tee and Fortune Hoodie artwork. The white tee and the ash heather crewneck with have a black cat now. Please see updated TPs below and let us know if you have any questions!

[FORTUNE TEE](#)
[FORTUNE CREWNECK](#)

Thank you!

Hi Tyler / Paul,

Hope your both well!

Can you share an updated calendar for this season? We have our store opening in Australia on 8/29, which makes that our firm D1 release date. 8/15 would be the absolute latest we can have our ExF, and we're also planning to shoot our seasonal marketing campaign on 8/11, so we'll need full collection samples ahead of that.

As previously mentioned, if traveling to approve lab dips and strike-offs will help accelerate the calendar, both myself and our lead designer are ready to book flights - just let us know what makes the most sense on your end.

For any items still pending artwork, we'll move those to D2 with a 10/1 ExF target. Please send over a work-back calendar with the deadline for final tech packs on those items. Units and blank colors have already been approved.

Let me know - happy to jump on a call Monday evening my time to align on next steps. Really appreciate your help and support here.

Best,
Juston

Hi Brenda,

It's all clear to me, we can make a move forward as your advice. Thank you for sharing this with us!

Besides that, we still have some concerns and would love you to help us inform

- For NINO PANEL STYLE, we noticed you want to use zipper with different color between coil and tape. Please note that having discrepancy in colors between the coil and the tape may result in a higher price and take a longer leadtime to make it. Kindly share with us your thoughts.

- According to this list below, we would like to know you refer shiny or matte finish for zipper, or you could let us follow the quality from previous season instead.

Subject: RE: GOLF WANG x UA - FA25 DEVELOPMENT

Hi Brenda,

Hope you have a great day!

During development process for this collection, we've come across a few points we'd like you help us clarify

- Regarding jacron patch as shown in image below, could you please let us know if your requirement is for leather patch or one-of-a-kind material that has a leather-like appearance?
- **BL 5/22: Please make the jacron patch in leather**
- Truc 5/26: After discussing with supplier, we would like to inform you about two options to choose. Please let me know if you consider using the PU leather patch. I believe it would be a suitable option to proceed with, especially for a small order quantity.
Left image: leather patch - the price is approximately **\$0.72**
Right image: PU leather patch - it has a similar quality and appearance to real leather, but costs about half the price, approximately **\$0.39**.

BL 5/28: Lets do genuine leather please, I will send you the exact one that we use for reference.

AWB #: 881602902837

- For THERMAL STRIPE ZIP UP HOODIE, we noticed a typo write “CALLOUT DOUBLE LAYER THERMAL FABRIC”. Could you please share with us the purpose of double layer? If you want both outer and inner of garment to be right side of fabric, it will require a different construction than simply making hoodie look thicker with only right surface in the outside, like a regular hoodie.
- **BL 5/22: We would like to use the same thermal fabric as the FW24 COLLAGE THERMAL LS TEE. Since the fabric is too thin to use as one layer, we would need to double layer it in the same fabric to make the hoodie. Please let me know if that makes sense.**
- Truc 26/5: Yes, it's able to make the hoodie that way. However, when double layer the striped fabric, the inner striped pattern may become visible from the outside when worn. Therefore, we think you might be interested in using striped fabric (like TP file) for the outer layer, and layering it with a solid fabric on the inside. Please let me know if our suggestion is acceptable for you.
- BL 5/28: We are ok to move forward with a solid fabric inside, please ensure that the interior fabric matches the base fabric color. For example, for the cream colorway, the interior color should be the same solid cream color. Let me know if that makes sense.
-
- About PLAID ELASTIC HAT, it shows that elastic sweatband would be used as image below. Kindly confirm if you refer to have text on as shown in this one or not.
- **BL 5/22: The reference photo is meant for quality, not for text. You can also reference the SS24 WINSLOW HAT for the sweatband reference if needed.**
- Truc 26/5: Well noted with thanks!

REFERENCE FOR ELASTIC SWEATBAND

- For NINO PANEL STYLE, we noticed you want to use zipper with different color between coil and tape. Please note that having discrepancy in colors between the coil and the tape may result in a higher price and take a longer leadtime to make it. Kindly share with us your thoughts.
- According to this list below, we would like to know you refer shiny or matte finish for zipper, then we can proceed with next development and submit the one for your review

Subject: RE: GOLF WANG x UA - FA25 DEVELOPMENT

Hi Brenda,

We received the LD list before TP and AW, and we were informed that we will make blank PO and use them for FA25 graphic. The LDs were created solely on the LD list because we believed that blank garments would be used for this project, with the printing applied later. Therefore, we didn't cross-check the Pantone colors mentioned in the TP.

The remaining LDs will be submitted to you next week

Thank You and Best Regards

Hi Brenda and Juston,

Just found out that some additional colors were added on FA25 TP and AW without request on the LD list. Please check styles below and confirm if these colors are included on this project. We will proceed LD right away

In the future project, please mention any changes or additions to ensure we capture all details accurately and avoid any missing information.

Thank you very much!

Hi @Juston Tucker,

Could you please advise on my email below?

Hi @Brenda Lopez,

Could you please send the reference sample for these styles

- FW25H1005 THERMAL STRIPED RALPHIE BEANIE
- FW25OU1001 UNIVERSAL DOM JACKET
- FW25BT1001 UNIVERSAL DOM SHORT

Thank you and Best Regards,

HIẾU NGUYỄN (Ms.)

Subject: Re: GOLF WANG x UA - FA25 DEVELOPMENT

Hi Juston,

Noted on your update. We're aiming to run this project efficiently, which is why I asked about the timeline so we can plan accordingly. However, we understand that your team may not yet have the information available, and we'll wait for further updates.

Regarding my previous concern about the quantity per style per color, I'm sorry if my email wasn't clear. I was referring to the total quantity across all styles hoodies, t-shirts, etc. Do you think it would be possible to confirm this at this stage for us to place the fabric (in color) order?

[CRITICAL PATH]

I'd like to share our plan below

- Your expected released date: Aug 31st
- PO date: May 13th (As shared above regarding the confirmed quantity per style per color, we can consider this as a PO)
- Exf date:
 - Hoodies, Crewnecks & Tees: from July 31st to August 10th
 - Capra Jacket, Capra Pants, Vintage 90s, Opaque Mesh: TBC
- Shipment Transit Time
 - By sea
 - US : 20-25 days
 - UK : 40-45 days

- By Air: 5-7 days for US & UK and +2 additional days for delivery

[Styles Reference]

Looking forward to your response.

Thank you and Best Regards,

HIẾU NGUYỄN (Ms.)

Hieu -

As Brenda mentioned, we'll send over the artwork as soon as possible, but we wanted to share the tech packs so you can get started on the blocks. Both styles will be produced at 300 units. This style will most likely move to our second Fall delivery, so we'll have a bit more time on these two styles as we're also planning to add some printables.

Thanks,
Juston

On Mon, May 12, 2025 at 9:37 AM Hieu Nguyen Thi Minh <hieu.nguyen@un-available.net> wrote:

Hi [@Brenda Lopez](#),

We've noted the information regarding the artwork. If you have any updates or finalized ideas for the decorations, please do share them with us so we can begin the process as soon as possible. As this collection is running on a tight timeline, we kindly ask you to prioritize sending the tech pack along with the artwork so we can plan accordingly.

Could you also let us know when we can expect to receive the artwork for the current styles? Additionally, should we anticipate more styles being added to this collection, and if so, when should we receive those details?

As mentioned in my previous email, please also send the reference sample needed for sourcing fabric for the two styles.

- FW25OU1001 UNIVERSAL DOM JACKET
- FW25BT1001 UNIVERSAL DOM SHORT

Hi [@Juston Tucker](#),

Given the tight timeline, would it be possible for you to share the quantity per style per color with us? This will allow us to proceed with placing the fabric order without delay.

Please let me know your thoughts,

Thank you and Best Regards,

Hi Hieu,

The artwork has not been approved yet, so no need to sample with artwork at this time. As previously mentioned, I'm sending you the below styles to get started on for fit and construction.

Please let me know if further clarification is needed. Apologies if my previous email was unclear.

Hi Brenda,

Thank you for sending the techpack over. Confirming receipt of them.

Regarding the techpack of the style FW25OU1001 UNIVERSAL DOM JACKET, we are unable to see the content of the last pages (decorations), would you mind double check the file again and resend if possible?

Additionally, please send us the reference sample for sourcing fabric for the 2 styles

- FW25OU1001 UNIVERSAL DOM JACKET
- FW25BT1001 UNIVERSAL DOM SHORT

Hi Tyler,

Kicking off FA25 development! We have another tight timeline here, as we have a hard in-store release date of 8/28, with hopes of being able to ship via ocean if we can.

Please see the links below for four cut-and-sew styles we'd like to develop with you for FA25. We have two additional styles that are still being finalized from an artwork perspective, but I've asked the team to move ahead with the tech packs including the current art so we can begin block development. We're aiming to have those to you by early next week.

[PLAID PACKABLE ANORAK](#)

[PLAID PANEL PANT](#)

[NINO PANELED SHERPA JACKET](#)

[NINO PANELED SHERPA PANTS](#)

Please send multiple sherpa qualities for us to review. Additionally, Brenda will be sending over most of the printable tech packs by early next week as well.

Happy to schedule a call to review these techpacks if needed.

Best,
Juston
