Hi Truc,

Thanks so much for your patience! Can we please have the sleeve be 29.5" from the hps and lets keep the 1" double needle stitched hem as on the sample. Also, please match the width of the FW24 Krusher LS Tee.

=> **Dài áo 29.5" tính từ đỉnh vai và giữ nguyên đường may lai 1" như mẫu. Rộng tay áo tham khảo áo mẫu Krusher LS Tee FW24 (G10ALS33)**

Additionally, lets please make the sweep of the tee scalloped as this reference attached. Please confirm clear and let me know if you need an updated TP. I can send that out tomorrow morning.

=> **Vui lòng làm lai áo bo tròn như hình tham khảo.**
