Print Comments:

- Back logo is skewed. From the LHS SNP, the print measures at 155mm and at the RHS SNP the print measures at 160mm. Please ensure that this is even during bulk and the sealer.
- Colour approved, thanks for improving.
- Patches missing from the print. This is not acceptable. We would need this to be improved in the sealer otherwise we would have to reject the print.
- There is some colour migration on the print, particularly 'Pageant Blue' on 'Seedpearl'. Is this from packaging and transport or did you notice this during sampling? Please ensure the print is clean and clear with no smudges as this cannot be approved for production.
- Please ensure all logos are straight and central in bulk and production.

Construction and fit:

- Only the back neck drop is out of tolerance. Please ensure that this is in tolerance in the next sample and bulk.
- All other POMs are in tolerance - thank you. Please continue in this way of working for bulk.
- The bottom hem is slightly wonky. Please ensure this is straight.

Packaging:

- The samples arrived dusty. Please ensure these are packaged appropriately with tissue paper and the correct polybags.
