Hi Hieu,

Noted – HD print is difficult to achieve on the type of fabric. We can review the rubber print option upon receipt.

Thank you!

Hi Grace,

Thank you for sending us the artwork & looking forward to the updated techpack.

Regarding the high density print, it's challenging to apply it to this type of fabric. We're only able to proceed with rubber screen print. Please let us know if switching to this is acceptable.

Thank you and Best Regards,

Hey Grace,

I believe it would be great to have the artwork by next week, do you think that's feasible? If not, please let us know when you expect to share it.

We're currently working on the sample, so if the artwork arrives in time, we can include it in the proto sample. Otherwise, we'll send blank sample for fit only,

Let me know if this works for you,

Thank you and Best Regards,
