

C0012-SST115-BGIA-R- 0,057 m 1,800 m 96,02 % 0.02 29/11/24

The image shows a technical drawing of a horizontal profile, likely a cross-section of a road or a similar structure. The profile is represented by a series of connected line segments. Above the profile, there are several numerical values and units: '0,057 m', '1,800 m', '96,02 %', '0.02', and '29/11/24'. Below the profile, there are several symbols: a square symbol, a cross symbol, a double cross symbol, and a double cross symbol. The profile itself is a series of connected line segments, with some segments being horizontal and others being sloped. The overall shape is a series of connected line segments, with some segments being horizontal and others being sloped. The profile is a series of connected line segments, with some segments being horizontal and others being sloped. The overall shape is a series of connected line segments, with some segments being horizontal and others being sloped.
